High Quality Standards

Clean Label Solutions

Sustainable Options

On-Trend Offerings

Supply Chain Transparency

Reliable Supply

## Focused on innovative, customer solutions

Curiosity is the root of our creativity, innovation and flexibility. We are constantly driven to think bigger to solve challenges and develop unique solutions.

As the only barley protein concentrate ingredient that is also environmentally-friendly, traceable and non-GMO, Emerge™ is your clean label answer. In product formulations, Emerge is natural in color and delivers a neutral flavor with no change in palatability, while being highly digestible. Visit [EmergeProtein.com](http://EmergeProtein.com) to learn more.

Encompass™ is our global fishmeal business that creates custom marine protein solutions based on your unique product specifications. Without disruption, we provide reliable, year-round sourcing, including access to a large supply of sustainable products. Discover more at [EncompassFishmeal.com](http://EncompassFishmeal.com).

At Petsource, we provide turnkey, freeze-dried contract manufacturing solutions by bringing product development, procurement, raw processing and packaging capabilities under one roof. Explore more at [Petsource.com](http://Petsource.com).

# Trend-Forward Possibilities

Let us help you tell your brand story. Pets are part of the family and owners are looking for ways to diversify their pets' diets. We are dedicated to working with you to understand your needs and the needs of your pet food consumers—finding the right ingredients to reinforce your claims.

## Ancient Grains, Plant-Based, High-Protein & More

We have deep category expertise, a vast portfolio of nutrient-dense, functional offerings and tailored strategies to ensure supply grows with your demand for on-trend ingredients.

## Non-GMO & Organic

Naturally non-GMO, Non-GMO Project Verified or Organic Certified—Scoular provides ingredients to answer the call for simple, wholesome pet food.

## Traceability

With our logistical expertise, we answer the demand for supply-chain transparency.

## Sustainability

From products with sustainable environmental benefits to being a proud member of SEDEX, we are focused to do our part responsibly and make a positive impact. And, we partner with our customers to find sustainable solutions for their needs.
